OFFICERS' MESS,

T LINES,

AVINGTON PARK CAMP,

WINCHESTER.

Tuesday.

Dearest, A mere note to you
as it is now 5.15 o I have
to go to Winchester. Our
afternoon lessons went on
a good deal later to-day.

My name appeared in
the Gazette to-day together
with those of Carl Blin,
Courtney - some others of
the Weymouth course -

Thomson & Strain also - so
we are all to have 2nd pipes
at last.

We had a very oily job
this afternoon taking down
the buffers of our gun -
quite interesting

Many thanks for your
letter. I wrote it long to
E Mother after lunch

chiefly about the babe's
name - I want to work
in Besridge if we can.

Yes - I shall remember
Jelli's performance in Hall
- she's either an arch priestess
or an angel-sorceress - what
must it be like to have the
power of talking through
music!

Prayer loving
George
