WESTBROOK,
CODALMING.

My dear George

We have arranged
to go to Hutmore Common
for our picnic, you know
the one I mean, the
little common with Juniper
near Shackleford Church.
I thought this would
be a good plan because
you can bicycle straight

them unless it cause it is
proving with aim.

your loving

Ruth

these from Alhambra house, and
you can be late if you
must without much difficulty

I have got the watch
on it is a dear little
one I like it ever so
much.

I should expect you to
come here at all but in
any case to go straight
